

On-Duty (OD) Leave

VIT Bhopal University -- B.Tech Computer Science and Engineering (BCE)

Chapter 1 -- Requesting On-Duty Leave

1.1 On-Duty (OD) leave may be granted to students participating in official, university-recognized events such as technical fests, sports competitions, hackathons, or other sanctioned activities.

1.2 Students in the B.Tech Computer Science and Engineering (BCE) programme must submit OD leave requests by email to pc.bce@vitbhopal.ac.in.

1.3 A cap of 5 ODs applies per student. The source material available to this corpus does not specify whether this cap renews each semester, renews each academic year, or is a single total across the full degree -- that renewal period is not confirmed and should not be assumed.

Chapter 2 -- Escalation Path

2.1 If a student's OD leave request or related issue is not resolved after emailing their Program Chair (PC) -- for BCE, pc.bce@vitbhopal.ac.in -- the student may escalate the matter to the Controller of Examinations (COE).

2.2 If the issue remains unresolved after escalation to the COE, the student may escalate further to the Dean of Academics, who is the final authority in this escalation chain.

2.3 This escalation order is general across programmes. PC contact addresses for branches other than BCE are not confirmed in the source material available to this corpus and are out of scope here.
